FOR IMMEDIATE RELEASE

US SPORT PLANES AT MIDWEST EXPO!

US Sport Planes attended the Midwest LSA Expo in Mt. Vernon IL. Sept 5th – 9th .

The show was an anniversary year - the tenth anniversary for longtime airport manager Chris Collins. Has been tenacious garnering support from the city and airport, and manufacturers, to provide an intimate look into the possibilities of Light Sport Flying. Affordable and well located, Chris and his cadre of volunteers have made Midwest a growing event.

While threatening weather kept many away, both vendors and spectators, it didn't keep Jabiru owner Buster and volunteer Bill from presenting the J230, and it was well received by attendees from as far away as California and Washington state and even a few international visitors.

We love meeting owners and Jabiru enthusiasts across the country – Thank for stopping by! We're looking forward to next year.
