FOR IMMEDIATE RELEASE

US SPORT PLANES EXHIBITING AT Oshkosh 2023!

US Sport Planes will be attending the Oshkosh Air Venture, Monday through Sunday, July 24th – July 30th, 2023.

Jabiru aircraft will be on display at a NEW LOCATION: spaces 98 and 99, next to the main entrance to Oshkosh

(Across from Textron, Pilatus and TKS). On display will be the 3 door, Garmin G3X Touch Display equipped J230-D and the Jabiru 2 seat and 4 seat kit. Fly in or drive in to visit the North American Importer of Jabiru SLSA's! We'd love to meet more owners and those Jabiru enthusiasts looking for a new (or gently used) Jabiru!

Jabiru Aircraft Pty Ltd, based in Australia, has sold over 3000 aircraft and over 7,000 engines world-wide since 1988, with over 1 million hours on the Jabiru fleet across the globe.

Jabiru owners fly all over the USA for pleasure, traveling, and flight training, enjoying one of the best safety records in the Light-Sport industry.

US Sport Planes is the exclusive importer for Jabiru to North America, located near Dallas/Ft Worth, Texas, at Denton Enterprise Airport, KDTO, 20 NM north of DFW airport.
